Make A Wish - Make A Difference

What is Make-A-Wish?

The Make-A-Wish Foundation of America is an Arizona nonprofit corporation that **grants more than 25 life-changing wishes every day** for children with critical illnesses. Wishes can give children the physical and emotional strength they need to fight a critical illness and bring normalcy back into a family's life. Children who are eligible for a wish are not necessarily terminal, and many wish kids overcome their illness.

Giving Hope

99% of doctors say wishes help relieve families of traumatic stress

87% of alumni say their wish was a turning point in their treatment

Get Involved

- Encourage the public to donate and link to wish.org online to help audience learn how to give
- Visit wish.org/get-involved to see various opportunities with volunteering, fundraising, becoming a national partner and more

The Legacy

350,000 wishes for children have been granted since 1980

14,600 wishes have been granted since the pandemic

59 Make-A-Wish chapters serve every U.S. community

24,000 volunteers across the U.S. help Make-A-Wish grant thousands of wishes each year
